## Summary

I am a Java developer with practical knowledge in Java, Advanced Java, SQL & PL/SQL, and frontend development. Skilled in DevOps tools, I excel in teamwork, communication, and fostering brilliant interpersonal skills. Seeking opportunities to contribute my expertise and enhance project success.

## Experience

### java developer • LetsGrowMore

Aug 2023 - Nov 2023

Demonstrated proficiency in Java development as an intern, contributing to successful project implementations. Collaborated with team to identify and resolve programming issues, resulting in streamlined code and improved efficiency. Assisted in the design and implementation of new features, enhancing user experience. Actively participated in code reviews, ensuring high-quality deliverables. Contributed to the achievement of project milestones through effective communication and teamwork.

## Education

### Bachelor of Engineering - BE • Babasaheb Ambedkar Marathwada University of Aurangabad

Feb 2021 - Nov 2023

Computer Science Engineering • Grade: 6.9

Education Details:

- I have complete my degree in Computer Science Engineering.
- Completed a comprehensive Full Stack Java Development program.
- Acquired a strong foundation in Java programming language, including advanced concepts.
- Developed practical skills in front-end development using HTML, CSS, and JavaScript.
- Gained expertise in back-end development utilizing frameworks such as Spring Boot and Microservices.
- Acquired knowledge of databases and their integration with Java applications like Oracle(SQL,PL/SQL).
- Demonstrated proficiency in utilizing Agile methodologies for software development.
- Participated in collaborative projects to enhance problem-solving and teamwork abilities.
- Consistently achieved reflecting dedication and commitment to academic excellence.

## Projects

### TEXTEDITOR

Jun 2023 - Present

LetsGrowMore

- Created and developed a Java-based text editor, showcasing strong technical skills and proficiency in the language.

- Employed advanced programming techniques to design and implement innovative features, enhancing user experience and efficiency.
  - Demonstrated passion for software development by meticulously fine-tuning and enhancing the text editor's functionality.
  - Received positive feedback from users, validating the dedication and commitment put into creating a high-quality text editor.
- 

## Skills

HTML, CSS, JavaScript., Advanced java: jdbc, hibernate, jsp.,  
Developer Tools: VS Code, Eclipse, Google Cloud Platform, IntelliJ, GitHub, SQL&PL/SQL,  
Java Technologies : JDBC, Servlets, JSP, Spring Boot, Microservices, Bootstrap5,  
full stack java developer
